One Dedicated Team to Support your Audio-Visual and Production Needs

AV Concepts has proudly served VidCon's official AV provider since 2013.

AV Concepts is the exclusive provider of all Lighting, Audio and Video equipment, and labor for set up, removal and operation at VidCon 2026. This includes the Show Floor, Meeting Rooms, Lounges and spaces external to the Anaheim Convention Center. For basic equipment reservations, please visit the VidCon 2026 Exhibitor store. For equipment not listed in the store, or for a customized quote, please contact exhibitorservices@avconcepts.com.

We offer a wide range of technology options - each designed to fit your specific needs and budget. We make the process simple and efficient with our online ordering system, where you can quickly search through our inventory to select the services and equipment you need to reach your audience.

Looking for a custom solution or want to raise the bar with a unique activation? LED walls, custom-designed lighting and complete booth creative solutions are just some of the options we have available for you. AV Concepts is your All-in-One resource for your audio-visual needs.
